

WELCOME

Remember when you first learned how to ride a bike? Remember when you first learned to say *bonjour*, *hola*, *ciao*? Better yet, when you first used this knowledge to communicate in another language? Now recall the environments you have learned in, the first elementary school, high school, college, home, gym, and work. What made these environments stand out?

Study upon study continues to reinforce that the best learning environments combine flexibility to move from individual to group work while facilitating connections to the technology that is enriching our learning environments.

Here at LearningWorks, we believe passionately that the environment can effect how we learn. Our team has assembled a broad collection of products and services to assist you in creating the environments which make outstanding learning environments. They are presented here for you.

The LearningWorks Class of 2006

TABLE OF CONTENTS

Overview	2-3
Tables	4-11

Lecterns	22-23
Carrels	24-27
Order Information	28-31

SCHOOLWORKS COLLECTION

For full selection of SchoolWorks cabinets turn to **pg 12**.

For full selection of SchoolWorks tables turn to **pg 4**.

Brian Kane and Mark Kapka each have a history of award winning design success as industrial designers. Their projects have included the design of contract and residential furniture, accessories, lighting, showrooms, and exhibits.

SchoolWorks from Brian Kane and Mark Kapka balances form with purpose in a fluid, rugged, and classic design.

This expressive collection of table desks, cabinets, study carrels, and lecterns provides flexibility and durability needed in classrooms. The line's honest use of materials, simple details, and keen emphasis on functionality accommodate learning environments that are active and open to change. Wood, laminate, cork, white board, and metallic paint offer an array of purposeful finish options.

Mobile, adaptable, and multi-functional, SchoolWorks products answer the unique performance and presentation requirements of progressive educators.

SchoolWorks Tables

All tables in the SchoolWorks Collection are furnished with adjustable legs that allow the tables to be adjusted from 22" to 32" in height. The legs are attached to the tops with a metal-to-metal connection and are finished in a combination of Silver and Charcoal Metallic powder coated steel

fig 1. The tops are high pressure laminate in a choice of colors and the edges are finished with a Silver Metallic PVC edge band. All tables are available with several options including locking casters **fig 3** and a selection of grommets. Wire management trays and modesty panels, finished in Silver Metallic powder coat, are available for most tables and are ordered separately. List prices in this guide are for laminate tops. Contact your LearningWorks representative for prices of tops finished in a wood veneer with matching wood veneer edge band.

SchoolWorks Storage

Storage cabinets in the SchoolWorks Collection include high and low cabinets in two widths and several heights and a selection of door and drawer options. Tall cabinets can be ordered as a single unit or as a separate cabinet and hutch. This option provides additional combinations of doors and drawers and increases long-term flexibility. Base options for cabinets include legs with glides, locking casters, and a solid plinth base.

Cabinets are available in Light Oak laminate with a matching PVC edge band. Light Oak wood veneer with matching veneer edge band is an optional finish. For added durability of mobile cabinets, a metal base finished in Silver Metallic powder coat, can be specified. Contact your LearningWorks representative for list prices of a wood veneer finish and the metal base option. Door and drawer pulls are satin finished aluminum **fig 2**.

Interior shelves can be specified in a choice of laminates or Silver Metallic powder coated steel. Light Oak wood veneer with a matching veneer edge band is an option. Cabinets can also be ordered with an optional interior steel vertical divider and additional shelves can be order separately.

SchoolWorks Lecterns

Lecterns are available in both an open, adjustable height model and as a closed version with optional drawer and door combinations. Lecterns are available in Light Oak laminate with a matching PVC edge band. Light Oak wood veneer with matching veneer edge band is an optional finish. Legs on the adjustable height lectern are finished in a combination of Silver and Charcoal Metallic powder coated steel. Contact your LearningWorks representative for list prices of lecterns in a wood veneer finish. Door and drawer pulls are satin finished aluminum.

SchoolWorks Carrels

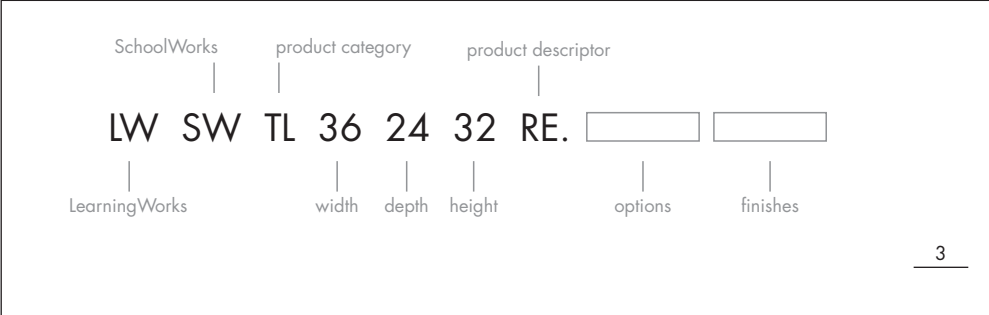

SchoolWorks carrels are available as single and double-face freestanding units or in a tabletop version. Some freestanding models can also be specified in a ganged application that includes both starter and adder versions. Carrels are available in Light Oak laminate with a matching PVC edge band. Light Oak wood veneer with matching veneer edge band is an optional finish. Legs on the free-standing models are finished in a combination of Silver Metallic powder coated steel. Contact your LearningWorks representative for list prices of lecterns in a wood veneer.

SchoolWorks Colors & Finishes

SchoolWorks products are available in a select group of colors and finishes that includes White (WT) and Maple (MP) laminates and Light Oak (LK) wood veneer options for most vertical and horizontal surfaces. The edge band of table tops is Silver Metallic (SV) while the edge bands of all other products match the color and finish of the product. Metal surfaces are powder coated in Silver Metallic (SV) with the upper part of the table legs finished in Charcoal Metallic (CM) powder coat. The base of all storage cabinets and lecterns is Silver Metallic (SM) laminate. Silver Metallic powder coated steel is an option for all cabinets.

ORDER INFORMATION

Custom Solutions

LearningWorks understands that standard solutions aren't always the best solutions. We appreciate that the best ideas sometimes go outside our product lines. That's why we keep LearningWorks open to interpretation. From simple in-line product modifications and COMs to complex furnishings crafted to exacting specifications, LearningWorks encourages and specializes in custom work. Contact your relationship manager who can assist you in developing product solutions for your customers.

Phone Orders

LearningWorks accepts phone orders as a service to our customers. We do require that a purchase order marked Confirmation is the responsibility of the customer.

Acknowledgements

Customer must notify LearningWorks immediately of any discrepancy between purchase order and acknowledgment; otherwise LearningWorks can accept no responsibility for manufacturing errors. Please use the LearningWorks control number when inquiring about your order.

Quotations

All quotations by factory or representatives are valid for 90 days, unless extended otherwise in writing.

Prices

Prices are per unit unless otherwise noted. Prices may change without prior notice. All prices are F.O.B. factory.

Manufacturing

Periodically, we make changes to existing product designs to improve the general construction of our product. In this event, product may vary slightly from catalog photography.

Material Samples

We make an effort to fill all sample orders promptly. Samples are supplied on firm orders only; must be paid for, and cannot be returned for credit.

Wood Finish Specifications

Wood (solid hardwood and veneers) are renewable resources and each section of the tree is unique. The color and grain pattern will vary, emphasizing the natural beauty of each product built. Wood is a natural material and accepts stain differently. LearningWorks cannot guarantee finished products to be exact matches to finish samples due to the natural characteristics of wood.

Hedberg Business System

(not supported at time of printing)

LearningWorks is supported through the Hedberg data system. The company code is SL5. The electronic catalog code is SPS. This system allows a dealer to specify and quote their project through their own business system. LearningWorks has an electronic linkage with the Hedberg business system, which allows for electronic transmission of orders, acknowledgments and invoices between the dealer and LearningWorks. This equates to efficiency, reduction of errors and accelerated acknowledgments.

Shipping Information

As a reminder, LearningWorks is a F.O.B. Factory. More than one item may be packed together for shipment and may be noted in the price list. LearningWorks reserves the right to change quantity packed without notice. The quantity packed is independent from price.

We offer three easy ways to handle freight charges:

1. LearningWorks zone pricing
2. LearningWorks freight quote
3. Customer Pickup: Normal delivery is on a dock to dock basis. Special requests such as "inside delivery," "call before," "guaranteed delivery," "blanket wrap," "lift gate or truck with ramp," etc., should be noted on the customer's purchase order and are subject to additional charges.
Minimum Orders: For orders less than \$1000 list, a min. \$150 freight charge will apply.

Guaranteed Freight Program

These freight rates are for a minimum order of \$4000 list. All others will be quoted on a per order basis. An order is defined as one shipment going to one place at one time.

The program is based upon the 48 contiguous states in North America. It has been divided into 4 zones. Rates may fluctuate during peak times.

Zone	% of list	Estimated Transit Time
Zone 1	4	1–2 days
Zone 2	6	2–3 days
Zone 3	8	3–4 days
Zone 4	10	4–5 days

Charges are for normal delivery only and do not include installation, inside delivery, uncartoning or removal of cartons. Carrier selection is determined by LearningWorks.

Additional Fees:

Call Before will be additional \$50

Guaranteed Delivery Time — between 8–5 PM an additional charge.

Expedited Freight: Call for quote

Expedited Delivery: Call for terms

Freight Claims

All of our shipments are F.O.B. factory. While we will do everything possible to ensure your order arrives in good condition and on time, we cannot be held responsible for freight damage or delays.

When you receive an order, please follow these few simple steps:

1. Thoroughly inspect all incoming orders before signing proof of delivery.
2. If an item has been freight damaged, it is important to note the damage on the delivery receipt.
3. Call the carrier immediately to request an inspection and freight claim instructions.
4. Claims for concealed damage must be filed with the carrier within 15 days of receipt.
5. If a shipment is received undamaged but is not what you ordered, call LearningWorks within five days of receipt.

Please note:

Refusal to accept an order from the carrier does not relieve you of responsibility for payment, and may incur additional charges.

Terms and Conditions

Net 30 from date of shipment, subject to credit department approval. There will be a service charge of 1 1/2% per month on all invoices past due. In the event LearningWorks must use any collection agency, attorney or courts to effect collection, purchaser agrees to pay all reasonable and actual collection agency fees, attorney fees and court costs.

Taxes

LearningWorks requires a State Resale/Exemption Certificate on file in our main office. Sales made without a resale/exemption certificate will be charged the appropriate sales tax as required by law.

Shipments on Hold

Any shipment placed on hold, either by customer's request or due to balances owed, will be manufactured per the originally scheduled ship date. Storage charges will begin to accrue 7 days from that date. Any manufactured order held by our factory over 30 days will be billed and must be promptly paid even though shipment is held at factory at dealer's request. Any charges incurred by LearningWorks for C.O.D. fees, inside delivery, etc. will be invoiced to the customer.

Order Changes/ Cancellations

All changes to or cancellations of orders placed must be in writing and sent to LearningWorks. Orders may be changed or cancelled without penalty if LearningWorks is notified at least four weeks before the scheduled ship date. All order changes or cancellations made less than four weeks before the scheduled ship date will incur a minimum change/cancellation fee of 15% of net. Irrespective of when notified, changes or cancellations are not binding upon LearningWorks until LearningWorks issues a written acknowledgment of the change or cancellation. Order changes are defined as the deletion of line items or change in style, color, quantity, or ship-to-address. Order changes that result in a quantity reduction may be subject to an additional small order handling fee.

Cancellation & Changes to acknowledged orders are subject to cancellation/change fees. Orders for "special" items are not subject to change or cancellation after acknowledgment. Once production of a "special" item has begun, cancellation of order is subject to LearningWorks approval. A 15% surcharge will be assessed to approved cancelled items. All returned shipments are subject to a handling charge of 25% plus all transportation charges. Delivery date could be impacted by order change.

Complete Purchase Order

Purchase orders must include the following information

Sold to including:

name/address/telephone/email/contact person/fax

Ship to including:

name/address/telephone/email/contact person/fax

- Order date
- Delivery date
- Purchase order number
- Customer number
- Special delivery instructions
- Discount
- Quantity
- Full model numbers & finish
- Total, either list or net
- Specials; customer must sign off on purchase order.

Storage

If a customer is unable to accept a scheduled product delivery, LearningWorks, if notified before the product is placed with a carrier, shall store the product at the customer's expense. LearningWorks shall invoice the customer for the product and monthly storage fees. If a customer is unable to accept a scheduled product upon delivery, customer shall be responsible for placing the product in storage and bears the risk of loss. However, payment of the balance due is Net 30 from date of shipment.

Return Authorization for Unused Product

All returns are subject to a thirty percent (30%) restocking fee. The customer must request a Return Authorization Number through LearningWorks within 90 days of product receipt to return any unused product. If LearningWorks agrees to repurchase the product, the customer must return it freight prepaid to LearningWorks, F.O.B. the original shipping point or as otherwise instructed by LearningWorks. If product is returned without a Return Authorization Number, LearningWorks will notify the customer of the unauthorized return and the customer must provide instructions for its disposition within one week. Failure of the customer to respond within one week will result in LearningWorks' right to dispose of the product with no credit for the return. The customer must promptly provide a purchase order or other acceptance of fees/credit reduction as required.

Customer's Own Material

Contact customer service at 616.451.7800 for inquiries regarding COM and/or to submit samples, including repeat information. The COM must be approved prior to order fulfillment. Contact us for logistical details.

Submitting COM

Reference PO# on all COMs

- For all COMs, please attach a sample of the COM, include all information and send it to LearningWorks for testing and approval. Please include all specifications regarding COM.
- LearningWorks will notify customer of COM approval

Upon COM approval, send purchase order to LearningWorks:

1. Purchase orders must include clearly defined COM information including name, color, description, and supplier company name.
2. Orders requesting COM will be placed on "Manufacturing Schedule hold" until the COM is received.
3. Upon receipt of COM, the order will be released into production and given a normal lead time.

All COM received at LearningWorks must include the following information:

1. Customer's name, address, and phone number
2. Purchase order number
3. LearningWorks number
4. Any special instructions for application
5. Any flaws in COM must be clearly indicated.

LearningWorks is not responsible for COM submitted to us beyond the required amount. Excess COM will be held in house for 60 days and will be discarded after that time period. If a customer requires the COM excess yardage returned, they must contact Customer Service at LearningWorks to make arrangements. The customer will be responsible for delivery charges.

LearningWorks can buy your COM! Please contact Customer Service to discuss your request.

Installation

We have a professional team of product installers available upon request.

LearningWorks Warranty

LearningWorks extends to the original purchaser, from the date of purchase, a 15-year limited warranty against manufacturing defects in material and workmanship for LearningWorks products purchased from and installed exclusively by LearningWorks or a factory authorized installation company. The warranty does not apply to any product that is misused, neglected, modified or used in a manner other than its intent.

Product purchased from LearningWorks and installed by other than the aforementioned will carry a 15-year limited warranty for materials only.

LearningWorks products with non-laminate finishes have a one year limited warranty. If these products are installed by other than the aforementioned, the one-year limited warranty applies to materials only.

LearningWorks will repair or replace, at its discretion, product found to be defective in workmanship or materials.

This warranty replaces all other warranties, expressed or implied, and we neither assume nor authorize any person to assume for us any obligation of liability in connection with our furniture.

No salesperson or representative has the authority to change or alter any provisions or prices as noted on these pages.

LearningWorks is a StelterPartners company.

Note: Warranty may be voided if proper maintenance procedures are not followed.

LearningWorks is one of an integrated team of StelterPartners companies that includes SpaceWorks™, PartnerStudio™, and WorkSphere™.

These companies are united in a common mission to provide affordable products that are well designed and that are supported with outstanding service. We believe that traditional business objectives and social and environmental responsibilities must work together to maximize the benefit to all stakeholders.

We are also committed to maintaining strong partnerships with our product designers, the architectural and design communities, our suppliers, and our dealers.

A Changing Classroom

In early American schools, children sat on three-legged stools or long benches behind narrow tables, often hand-made of pine or oak by the parents of the schoolchildren. By the 1880s, children sat at individual desks that were bolted to the floor, with boys on one side of the room and girls on the other. Younger children sat at the front of the room, closest to the teacher. This arrangement enhanced the teacher-centered learning environment so popular in schools throughout American history. Students rarely faced each other and focused their attention entirely on the teacher, who was the sole source of instruction and discipline in the classroom.
